

ORPHANS GIVEN A SAFE HAVEN

H.E.A.L. INC PURCHASES LOCAL ORPHANAGE

HEAL Inc is humbled to announce the purchase of the orphanage it has sponsored for over 10 years, in Careysburg, Liberia, West Africa.

This means, its 30+ children now have a 'home' that provides them a safe and nurturing environment.

The facility will significantly expand HEAL Inc.'s capacity to better serve.

HEAL Inc. has been a cornerstone in Liberia for 11 years, providing vital services to disadvantaged and orphaned children.

The organization offers a variety of programs, including academic support, water and sanitation, feeding, and other social development activities.

The purchase of the two-acres facility was made possible through the generous support and donation from individuals, corporations, and fundraising events.

HEAL Inc. is currently accepting donations to help furnish the home and support ongoing operational costs.

With the renovation of this property, HEAL Inc. is poised to make an even greater difference in the lives of these orphans.

The organization remains even more dedicated to providing a safer and nurturing environment for these vulnerable children.

We welcome donations to help us with the renovations via the website link:

"We are incredibly grateful for the outpouring of support from our HEALers.

This property purchase would not have been possible without the generosity of our donors who really came through and made this happen for the children. Their contributions will have a lasting impact on the lives of these children.

The children thank each you all."
